AN INGENUOUS BUILDING SET OF INTER-LOCKING PRESSED BRICKS THAT MAKE MINIATURE MODELS IN TRUE-TO-LIFE PROPORTIONS AND APPEARANCE

The models used to create this city section, were built from sets No. 60/1 and 60/2 as indicated. Larger sets can also be used.

The Pieces in this set being pressed from hardwood are exact duplicates and the Peg and Socket construction is so accurate that perfect alignment is a certainty. This book contains numerous illustrations of actual models and shows ground plans and elevations. AMERICAN BRICKS give play hours of educational fun. Many families add set after set and build permanent models to eventually make complete modern cities. HALSAM, one of America's oldest and largest toy makers, safeguards the quality of its product in every way. Halsam Products are sold everywhere.
