AMERICAN PLASTIC BRICKS

Sets No.
71 & 72

By Elgo

AN INGENUOUS BUILDING SET OF INTER-LOCKING **PLASTIC** BRICKS THAT MAKE MINIATURE MODELS IN TRUE-TO-LIFE PROPORTIONS AND APPEARANCE

The models used to create this city section, were built from sets No. 71 and 72 as indicated. Larger sets can also be used.

The Pieces in this set being molded from **best plastics** are exact duplicates and the Peg and Socket construction is so accurate that perfect alignment is a certainty. This book contains numerous illustrations of actual models and shows ground plans and elevations. **AMERICAN PLASTIC BRICKS** give play hours of educational fun. Many families add set after set and build permanent models to eventually make complete modern cities. ELGO safeguards the quality of its product in every way. ELGO Products are sold everywhere.
