A. LIOUILLI, *et al.*

The Tri-ang logo is set against a red rectangular background. The word "Tri-ang" is written in a white, stylized, serif font. Below the main text, in a smaller, less legible font, are the words "and more".

Tri-ang
and more

The central part of the box art features a large, detailed illustration of a multi-story building under construction. A tall crane stands behind the building. In the foreground, a young boy in a teal sweater is seated at a dark wooden table, focused on assembling a small white model building. Various construction pieces and a small yellow vehicle are scattered on the table. The background of the illustration shows a cityscape with other buildings and a park area with trees and people in the distance.
