D.R.G.M.

MADE IN GERMANY.

Bauvorlagen zu „BERBIS“ Modell - Holzbaukasten

D.R.G.M.

Der Name »BERBIS«, die Baukastenteile, die Art des Zusammenbauens, sowie die Modelle sind gesetzlich geschützt. Nachahmungen und Nachdruck der Vorlagen werden strafrechtlich verfolgt. Die in den Vorlagen befindlichen Modelle sind garantiert nachzubauen und sollen nur Andeutungen sein. Nach eigenen Ideen und Anschauungen lassen sich mit den Baukastenteilen die verschiedenartigsten Modelle herstellen.

Um größere und schönere Modelle zu konstruieren, empfiehlt es sich, mehrere »BERBIS« Modell-Holzbaukasten hinzuzukaufen, da die vorhandenen Baukastenteile in den 4 verschiedenen Größen untereinander immer wieder zusammenpassen.

»BERBIS« Modell-Holzbaukasten sind mit der Bezeichnung 1, 2, 3 u. 4 auf dem Titelbild in 4 Größen zu haben. Ratsam ist es, zum Bauen ein kleines Hämmerchen zu benutzen.

Größe 1 enthält 66 Holzteile

„ 2 „ 75 „

Größe 3 enthält 107 Holzteile

„ 4 „ 126 „

"BERBIS"

Interlocking Constructional Box No. 1

D.R.G.M.

The name "BERBIS" the parts contained in the Building Box; the method of assembly, as well as the models, are all legally protected. "BERBIS" Interlocking Constructional Boxes are supplied in 4 sizes. (No. 1, 2, 3 and 4) To construct large and artistic models, it is advisable to buy, in addition to this box, the Nos. 2, 3 and 4 as they are supplementary to each other. The models shown in this book can all be actually built, but they are also intended to be used as ideas to construct further models to individual taste and desire. A small light hammer can be used to advantage.

No. 1	contains	66	wood	parts

Voorbeelden der constructiebouwdoo's "BERBIS"

D. R. G. M.

De naam, de onderdeelen, de manier van bouwen als ook de modellen zijn gepatenteerd. Het namaken dezer constructiedoo's of onderdeelen daarvan en het nadrukken der voorbeelden is derhalve strafbaar.

Onze constructiebouwdoo's "BERBIS" wordt geleverd in 4 maten, genummerd 1, 2, 3 en 4, welke door elkaar gebruikt kunnen worden.

Voor het kleinste kind koopt men constructiedoo's No. 1 en daar ieder kind dat speelgoed waarmee het zelf beweegbaar en bruikbaar speelgoed kan maken het meest en het langst interesseert zal het van zelf grootere maten verlangen. Bovendien is deze manier van spelen zeer leerzaam en kweekt lust tot werken. Met onze "BERBIS" constructiedoo's kunnen gemaakt worden: Alle motoren, locomotieven, auto's, vliegmachines, stoommachines, holl. windmolens, watermolens, draaimolens, bruggen, treinen, alle mogelijke wagentjes en karretjes, huizen, torens, meubelen, wipplanken, motorbooten, onderzeebooten enz. De voorbeelden zijn duidelijk en eenvoudig, zoodat ieder kind ze onmiddellijk kan namaken. Wij garandeeren dat alle gedrukte voorbeelden met onze "BERBIS" constructiedoo's gemaakt kunnen worden. Tevens kan men door handbeweging of door een kleine speelgoedmotor alles in beweging brengen, wat het kind het grootste plezier verschaft. Onze constructiebouwdoo's "BERBIS" is uit kurkdroog hout gemaakt, waardoor kromtrekken of onbruikbaar worden der deelen uitgesloten is. Alles kan eenvoudig met de hand, zonder gebruikmaking van metalen voorwerpen als tangen enz. gemaakt worden, waardoor vermeden wordt dat het kind op eenigerlei wijze letsel kan veroorzaken of meubelen beschadigen.

No. 1 bevat 66 onderdeelen

No. 2 bevat 75 onderdeelen

No. 3 bevat 107 onderdeelen

No. 4 bevat 126 onderdeelen
