

NOW! BETTA BILDA ENGINEER

The integrated building system for all children.

BETTA BILDA ENGINEER
Betta Bilda Engineer sets include plastic nuts, bolts and wheels. They combine bricks and beams by using the adaptors shown below. This now means that realistic engineering models can be built.

E.1 SET

**AIRFIX
Betta
Bilda**
ENGINEER
SET E1

THE COMPLETE BUILDING SYSTEM

This first set has enough beams, nuts, bolts, wheels and bricks to build simple models as shown.

BETTA BILDA ENGINEER (CONTD.)

E.2 SET

**AIRFIX
Betta
Bilda**
ENGINEER
SET E2

THE COMPLETE BUILDING SYSTEM

This set includes more of everything, as well as a special base useful for building vehicles, etc. Illustrations show some of the models that can be built from the E2 set.

Engineer Accessory Packs will be available later.
