| MANUFACTURER          | R.K.Morgan Engineering Works, Glenroy, Victoria, Australia.                                                                                                                                                                          |              |        |
| COMMENTS              | A simple system with few parts and no gears. There is an unusual elongated hole across the Flanged Plate instead of parallel to its length. It appears to be a copy of Meccano, probably with the hole size and spacing the same as. |              |        |

## LIST OF SPARE PARTS.

- No. 1—Crank Handles,  
 No. 2—Hooks,  
 No. 3—Angle Brackets, Brackets,  
 No. 4—Reversed Angle Brackets,  
 No. 5—Double Brackets,  
 No. 6—"U" Pieces,  
 No. 7—Clips,  
 No. 8—Nuts,  $5/32 \times \frac{1}{4}$  in.,  
 No. 9—Bolts,  $5/32 \times \frac{1}{4}$  in.,  
 No. 10— $3\frac{1}{4}$ -inch Axles,  
 No. 11—2-inch Axles,  
 No. 12—Flat Brackets,  
 No. 13—Bush Wheel, with Boss,  
 No. 14—1-inch Wheel, with Boss,  
 No. 15—1-inch Wheel, less Boss,  
 No. 16—1-inch Tyres,  
 No. 17—Pulley Wheels,  
 No. 18—Angle Trunnions,  
 No. 19—Flat Trunnions,  
 No. 20—Screwdrivers,  
 No. 21— $2\frac{1}{4}$ -inch Strips,  
 No. 22— $5\frac{1}{4}$ -inch Strips,  
 No. 23— $7\frac{1}{4}$ -inch Strips,  
 No. 24—Curved Strips,  
 No. 25—Double Angle Strips,  
 No. 26—Base Plates,
