ROBOT

8+
AGES

317 PCS

- Easy to assemble construction kit for the mechanical minded.
- Illustrated parts and assembly instructions included.
- Made from sturdy metal plate.
- Learn basic engineering concepts while creating and having fun on your own or with friends.
- Helps develop manipulative and problem solving skills.
- Look out for other Construct It kits in the series.

WARNING:
Not suitable for children
under 3 years of age due
to small parts which may
present a choking hazard
