Bauanleitung • Assembly Manual

Die Software

Grafische Programmieroberfläche "FiPro"

Diese interaktive Programmieroberfläche ermöglicht durch visuelle Programmierung ein Steuerungsprogramm für jedes beliebige Modell zu entwickeln, das am Interface angeschlossen ist. Bereits geringe Programmierkenntnisse reichen aus, um vorhandene Beispielprogramme zu ändern und neue Programme zu entwickeln. Einfache Handhabung und schneller Lernerfolg sind wesentliche Kriterien dieser Software. Die Programme werden nicht im herkömmlichen Sinne geschrieben,

sondern mit der Maus am Bildschirm gestaltet. Einzelne Prozessschritte werden durch Bildsymbole (Icons) dargestellt. Die Icons entsprechen den jeweiligen fischertechnik Bauteilen.

Bestellnummern:

Einfach-Lizenz (3,5") 68552

Zehnfach-Lizenz (3,5") 68553

Hardwarevoraussetzung:

IBM-kompatibler AT ab 286er
640 KB Arbeitsspeicher
VGA-Farbmonitor, Maus.

The Software

"FiPro" Programming Graphical User Interface

This interactive programming GUI lets you develop a control program for any computing model connected to the interface by visual programming. Even a slight knowledge of programming is enough to change existing example programs and develop new ones. Easy to use and quick to learn: these are the main features of this software. The programs are not written in the conventional meaning of the word. They are compiled by clicking the mouse on screen. Each of the

process steps is displayed by icons which correspond to the fischertechnik components.

Order Number:

English version (3,5") 5561

Hardware requirements:

IBM-compatible AT 286 or higher, 640 KB RAM,
VGA-color monitor, mouse.

"FiTuP"—Programmieren in Turbo Pascal®

Mit dem Programm "FiTuP" können die Modelle aus dem Baukasten "Experimenta Computing" unter der Programmiersprache Turbo Pascal angesteuert werden. Über ein Menü sind fertige Anwendungsprogramme wählbar. Programmierhilfen für Pascal und ein Diagnoseprogramm ergänzen das Menü. Es bestehen umfangreiche Auswertungsmöglichkeiten für digitale und analoge Prozeßdaten. Die umfangreichen Quellprogramme gestatten einen direkten Zugriff auf den Programmablauf

und ermöglichen das Erstellen eigener Pascal-Programme.

(Turbo Pascal ist ein Warenzeichen von Borland International Inc.)

Bestellnummern:

Einfach-Lizenz (3,5") 68560

Zehnfach-Lizenz (3,5") 68561

Hardwarevoraussetzung:

IBM-kompatibler AT ab 286er
640 KB Arbeitsspeicher
VGA-Farbmonitor, Maus.

"FiTuP" Programming in Turbo Pascal®

This program "FiTuP" contains control programs for all models from the kit "Experimenta Computing" for the program language Turbo Pascal. From a menu you can select the control programs. You can also find help functions and a diagnostic program. There are many ways for the graphic evaluation of the digital and analog inputs and outputs. By means of the many source programs you have a direct access to the program flow allowing at the same time the

development of own programs.

(Turbo Pascal is a trade-mark of Borland International Inc.)

Order Numbers:

Single version (3,5") 68560

Tenfold version (3,5") 68561

Hardware requirements:

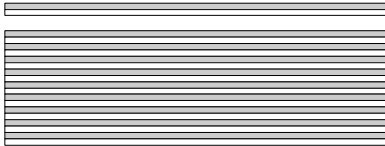

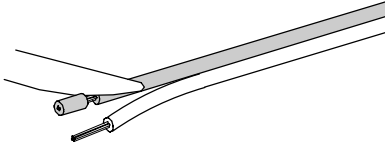

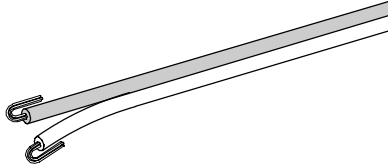

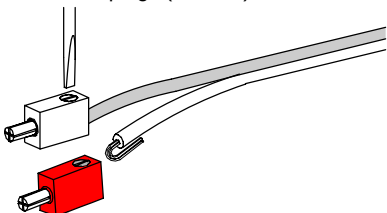

IBM-compatible AT 286 or higher, 640 KB RAM,
VGA-color monitor, mouse.

6.1

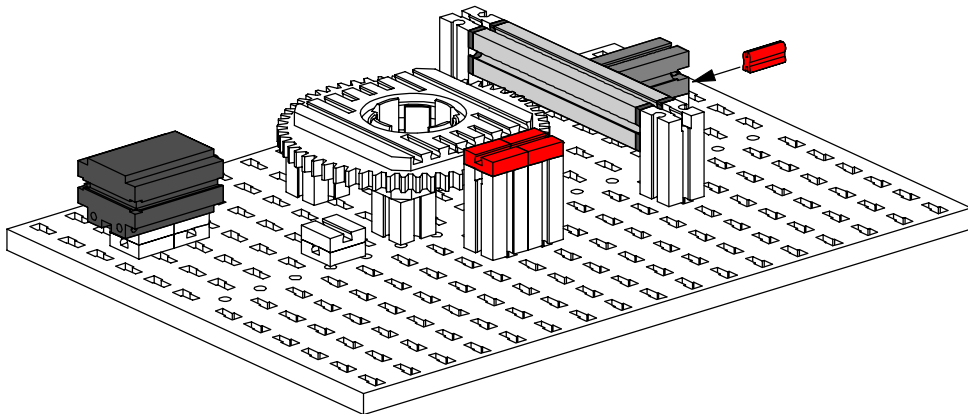

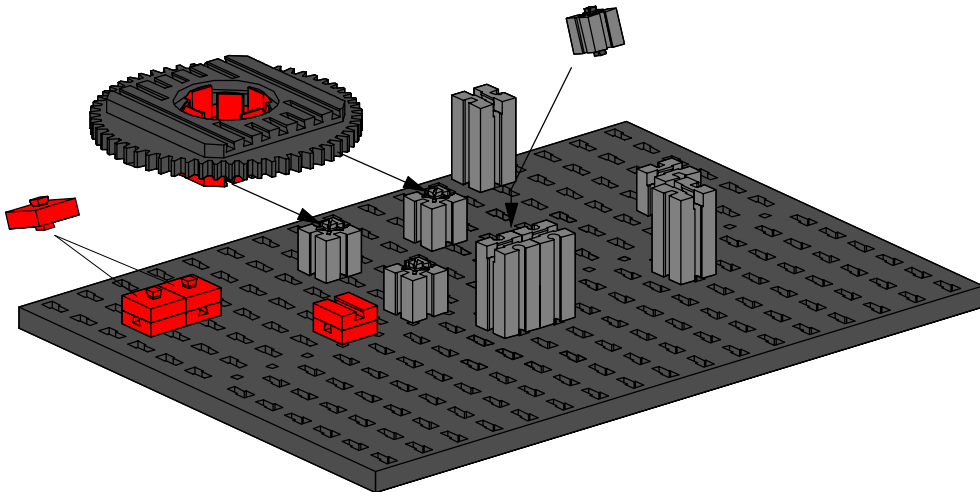

Parts list for step 6.1:

- 1x Large black Technic plate (11x11)
- 2x Red Technic cross-axle connector
- 1x Black Technic gear (24 teeth)
- 1x Grey Technic axle connector (2-way)
- 4x Red Technic axle pin (with friction ridges)
- 4x Grey Technic axle pin (without friction ridges)
- 4x Grey Technic axle connector (3-way)

6.2

Diagram illustrating the assembly of a mechanical component, showing the following parts and quantities:

- Part 1: A grey L-shaped bracket (1x).
- Part 2: A grey L-shaped bracket with a 90-degree angle (1x).
- Part 3: A grey L-shaped bracket with a spring (1x).
- Part 4: A red L-shaped bracket (2x).
- Part 5: A red L-shaped bracket with a 15-degree angle (1x).

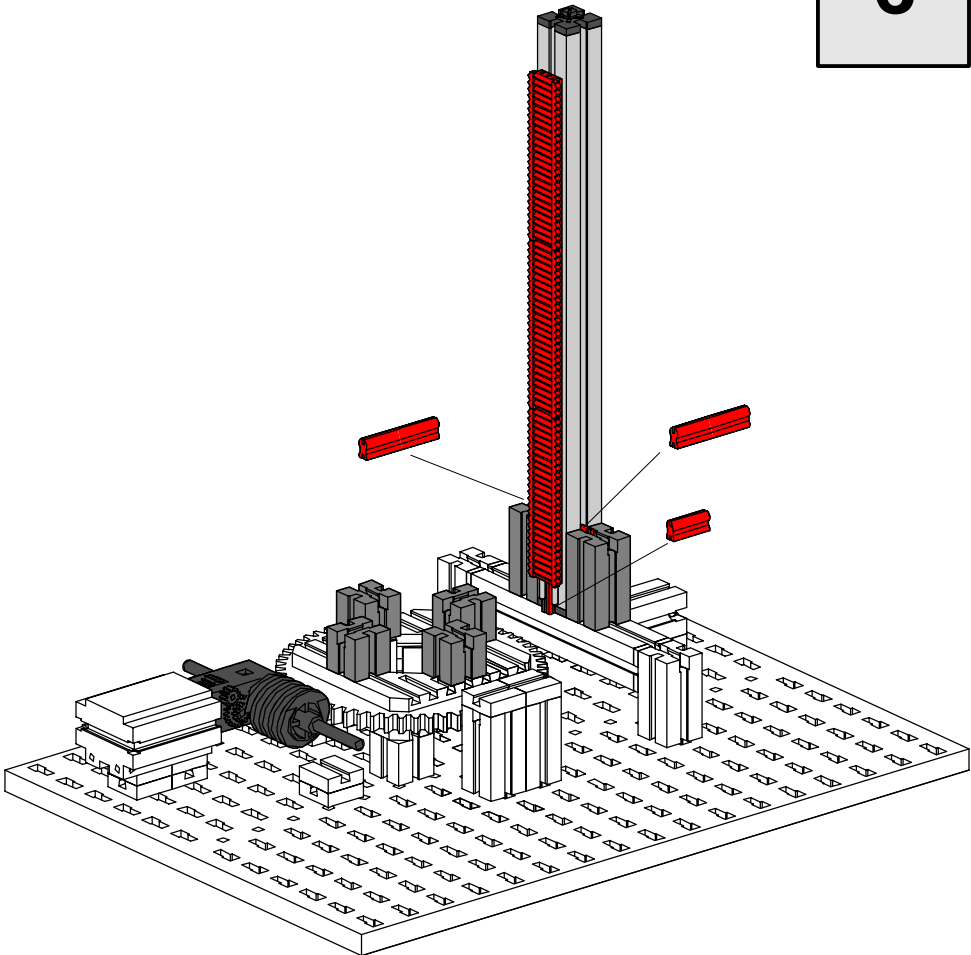

6

6.3

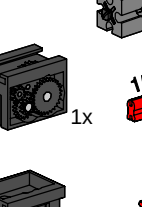

This diagram shows the components for step 6.3 of an assembly. The parts are as follows:

- 2x Grey L-shaped brackets (top left)
- 4x Grey L-shaped brackets (middle left)
- 1x Grey long rail with a dimension of 210 (bottom left)
- 1x Grey square base with a circular feature (bottom left)
- 2x Red 30-length rail (top right)
- 1x Red 15-length rail (middle right)
- 1x Grey shaft with a splined end (bottom right)
- 3x Red 30-length rail (bottom right)
