Lego now has Gears & Motor

LEGO GEARS added to any Lego collection make it possible to build many exciting toys that move in a fascinating manner. Gears come in several sizes and colors. The gear models develop the child's interest in many basic engineering principles.

LEGO MOTOR PAK puts motorized "action" into a Lego collection. It includes a precision-made battery-operated motor and a sturdy battery housing which accepts three standard "C" size batteries. The Motor propels any Lego Gear model.

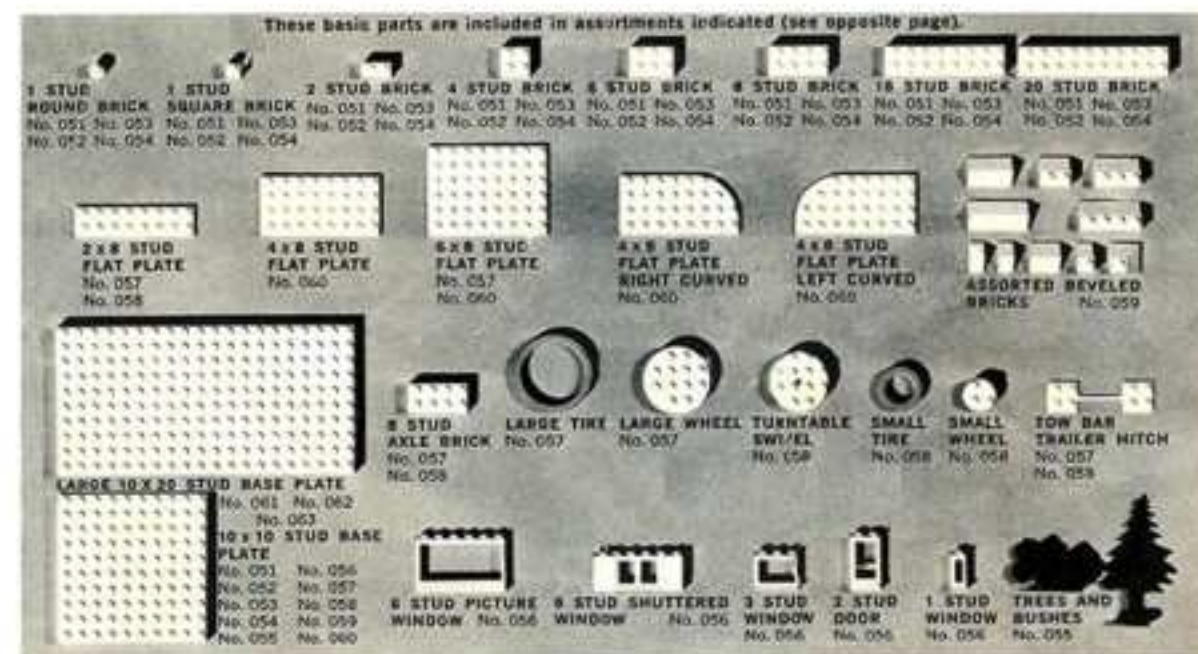

Extra Parts are the easy way to add to a Lego Collection

Any one of the 39 different Lego parts shown below will fit any Lego collection. They meet the growing needs of children as they develop a greater interest in

building larger and more interesting models. Extra Parts packages make an ideal and inexpensive gift to enlarge any Lego collection.

These basic parts are included in assortments indicated (see opposite page).

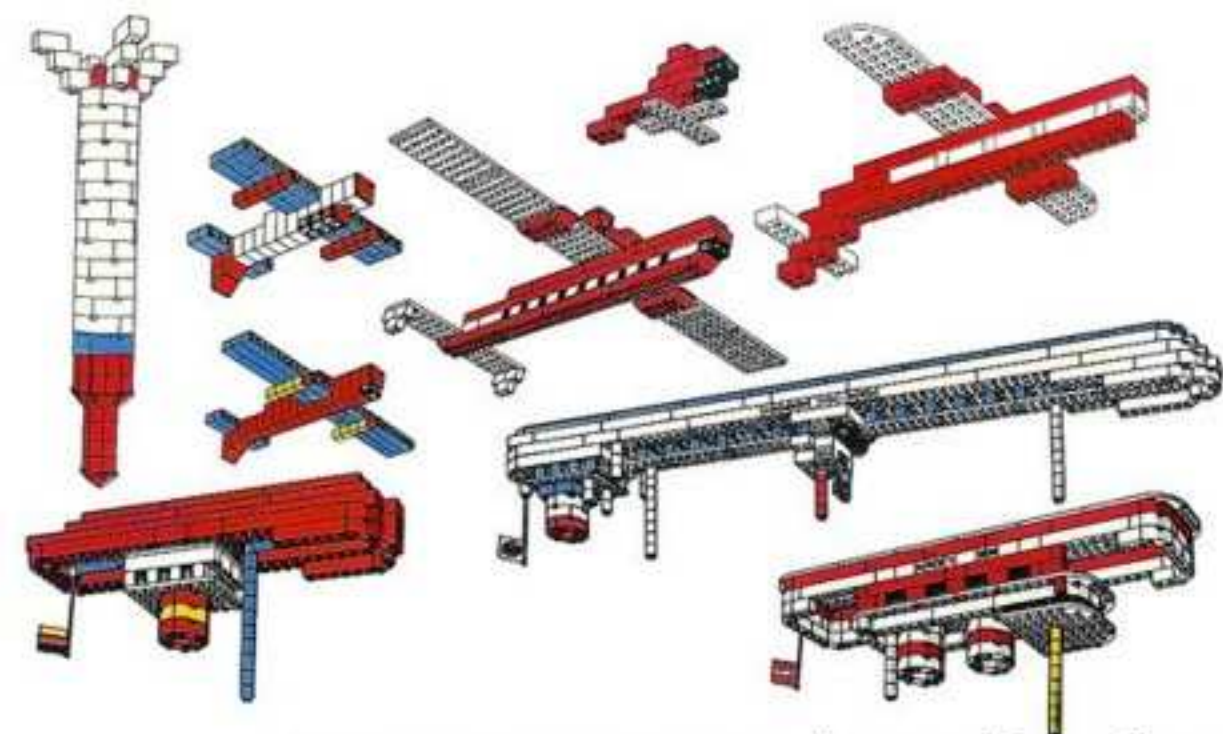

Extra Parts No. & Price	Contents	Helps You Build
No. 051	49 assorted basic bricks—RED plus one 10 x 10 stud red base plate	BUILD LARGER MODELS
No. 052	49 assorted basic bricks—WHITE plus one 10 x 10 stud red base plate	BUILD LARGER MODELS
No. 053	49 assorted basic bricks—BLUE plus one 10 x 10 stud red base plate	BUILD LARGER MODELS
No. 054	49 assorted basic bricks—YELLOW plus one 10 x 10 stud red base plate	BUILD LARGER MODELS
No. 055	12 trees—12 bushes—GREEN plus one 10 x 10 stud red base plate	REALISTIC LANDSCAPING
No. 056	25 assorted windows and doors—RED & WHITE plus one 10 x 10 stud red base plate	CREATE MANY NEW MODELS
No. 057	4 large wheels—RED plus 12 wheel accessories and one 10 x 10 stud red base plate	MAKE MOVING MODELS
No. 058	8 small wheels—RED plus 17 wheel accessories and one 10 x 10 stud red base plate	MAKE MOVING MODELS
No. 059	49 bevelled bricks—RED plus one 10 x 10 stud red base plate	MAKE SLANTING ROOFS
No. 060	14 flat plates—WHITE plus one 10 x 10 stud grey base plate	MAKE FLAT ROOFS
No. 061	5 large base plates—GREEN 10 x 20 studs	BUILD LARGER PROJECTS
No. 062	5 large base plates—WHITE 10 x 20 studs	BUILD LARGER PROJECTS
No. 063	5 large base plates—BLUE 10 x 20 studs	BUILD LARGER PROJECTS
No. 799	Giant base plate—GREY 50 x 50 studs	BUILD SUPER PROJECTS

Your LEGO dealer has a complete selection of Extra Parts

Look for this distinctive Extra Parts display at your favorite toy or department store. The chart at the left provides an easy guide for selecting the Extra Parts to best add to a Lego collection. Also at the left are pictured the Extra Parts and the package numbers for each assortment.

Makes Trains, Trucks, Cars, Airplanes, Cranes And Boats

Gift Sets For Boys and Girls of All Ages

No. 120

A perfect starter set. This 120-piece basic set provides bricks in a wide selection of colors and sizes. Builds simple houses, boats, cranes, etc.

No. 295

This 295-piece basic set is large enough to build bridges and larger houses, even toys with real wheels and tires.

No. 385

Basic set containing 385 pieces is enough to construct a four-story house, even a truck with a trailer.

No. 375

375-piece basic collection offers more parts and more building ideas. Makes towers, wheel toys, even mosaic.

No. 458

This 450-piece set includes enough wheels and parts to make a 10-wheel engine. Builds wide variety of larger models shown on box.

No. 515

Set of 515 pieces in two storage trays. Makes giant crane or super locomotive with both large and small wheels, double-tower cathedral.

No. 003 MASTER MECHANIC SET

Wide range of parts in two storage trays. Includes motor, battery housing, (gear models will work automatically) gears, wheels and basic bricks.

No. 004 MASTER BUILDER SET

The ultimate in sophistication! Gears, wheels and enough accessory parts so any number of complex models may be built. Packed in two handy compartmented storage trays.

No. 001 GEARS

Adds action to any Lego set. Contains 12 gears in assorted sizes and colors, plus enough extra parts to make entire gear assemblies. This set, combined with any collection of Lego, offers a world of engineering possibilities.

No. 002 MOTOR PAK

A high-precision, long-lasting motor engineered to motorize Lego gears in any practical arrangement. Includes battery housing for 3 standard flashlight batteries (batteries not included).

No. 021 WHEEL SET

Builds all kinds of cars, trucks, trains, and other wheel toys. Wheel assemblies fit any standard Lego collection.

No. 041 PRE-SCHOOL SET

Specially designed for little hands and young minds. 24 (12 Red and 12 White) jumbo (1" x 2" x 4") bricks make a perfect toy for tots of pre-school age. Safe, sanitary, colorfast plastic.

No. 042 JUMBO BRICK FULL TOY

Tiny tots can make any number of their own pull toy models. Set consists of 8 jumbo bricks. Large 4-brick base plate with 4 large plastic wheels attached. Colorful pull-cord included.

FOR PRE-SCHOOL AGE

Set consists of 8 jumbo bricks. Large 4-brick base plate with 4 large plastic wheels attached. Colorful pull-cord included.

FOR PRE-SCHOOL AGE

Set consists of 8 jumbo bricks. Large 4-brick base plate with 4 large plastic wheels attached. Colorful pull-cord included.

LEGO Building Toy

A Quality Product of Sammons Corporation

Manufactured in Denmark, U.S.A. Imported by Sammons Corporation, Inc.

HERE'S HOW TO FIT LEGO PARTS TOGETHER

The LEGO "bricks" are precision made and fit together perfectly. Take two of the 5-brick bricks...

press firmly together - top against bottom. The large holes on the bottom of the bricks...

fit perfectly in between the smaller holes on top. There are many possible "precision combinations."

While all of the models shown in this folder cannot be built with any particular LEGO set, they do illustrate the wonderful versatility of LEGO. As you add to your Lego collection through the purchase of supplemental boxes you will be able to make larger, more exciting models.
