Set 4020-2021

Der Rand auf dem Boden des Schifffes ist für die Anbringung verschiedener Motoren (nicht von LEGO®) vorgesehen.

Alla base dello scafo è possibile collegare diversi tipi di motore (non prodotti dalla LEGO®).

La glissière sous la coque permet d'attacher différentes sortes de moteurs (pas de marque LEGO®).

Voor mechanische voorstuwing van deze boot verkopen meerdere winkels een speciaal batterij-motortje (geen LEGO® produkt) dat eenvoudig in de gleuf geschoven kan worden aan de achterzijde van de romp-bodem.

Puedes enganchar distintos modelos de motores (no LEGO®) por el borde del casco.

Tappetini per i motori muliggør montering af forskellige motorer på skibet.

(Disse motorer produceres ikke af LEGO Gruppen).

In some countries propeller motors (not made by LEGO®) are available from model shops. The notch in the bottom of the hull allows these motors to be attached.

Rungon pohjassa olevalt tapin ansiosta laivaan voidaan asentaa erilaisia moottoreita. (Ei LEGO® valkoimassa)

Tappetini botten på skrovet gör det möjligt att montera olika motorer (ej från LEGO Gruppen).

O rebordo no fundo do casco permite-lhe a ligação de diferentes tipos de motores (não da LEGO®).

Στην εποχή αυτού δύοσε του ανάρχους μπορεί να τοποθετηθεί διάφορα μοτέρ (όχι της LEGO®).
